Visit our website at www.mansfieldskiclub.com for full details of our club.

History of Mansfield Ski Club

On behalf of all the members at Mansfield Ski Club and our staff we welcome you as a reciprocal member to our facility.

Our facility has been the hub of winter activity for many families since December 22nd, 1962. December 2012 will mark our 50th Year of operations! With our growth over the years Mansfield Ski Club has been able to maintain its small Club charm where both adults and children make lifelong friends and are part of something very special. Mansfield Ski Club has always had a “family first” philosophy. We strongly believe that our member’s children are the future lifeblood of our Club.

Located close enough to the Greater Toronto area that it is an hour or less drive, it is an ideal club for those families who want easy access to skiing/snowboarding. With our vastly improved snowmaking capability and ski lift capacity that rarely requires any waiting in line, our Club is well positioned for the future.

Our terrain offers skiing/snowboarding for the complete range of ability and our ski school and racing programs are second to none in the province. Our social programs and special events throughout the winter make us much more than a ski centre.
